WHY CHOOSE ELITEGRAIN

CRAFTED FOR **BEAUTY, EFFICIENCY AND SECURITY**

ELITEGrain hybrid entryway systems offer the warmth of natural wood, the artistry of designer glass, superior energy efficiency and unsurpassed security features to protect the sanctuary of your home. While the ELITEGrain is your doorway to an exceptional range of designer options (decorative lites, grain-enhancing stains, and rich factory-finish colors), it is the long list of standard efficiency and security features that make this unique entry door system the best in the industry.

- 1 DECORATIVE OR CLEAR GLASS** - all 1" thick and thermally sealed - provides exceptional insulation while allowing natural light into your home. Features a 20-year seal failure warranty.
- 2 STAINED OR PAINTED** - choose from 21 paint and eight hand-stained finishes to help reflect your style. The specially formulated commercial-grade finishes from Sherwin Williams® are factory-applied and slow-oven cured to ensure a hard, durable finish that will last for years. Features a 10-year warranty, one of the strongest in the industry.
- 3 xGEN™ GLASS FRAME** - high-performance frame withstands the punishment of weather better than competitors' frames and features a 10-year warranty - the best in the industry.
- 4 DECORATIVE DOOR HARDWARE** - made by Schlage® and protected by the Ultima™ Lifetime Anti-Tarnish warranty. Features a lifetime warranty against mechanical defects, and a Grade 1 rated deadbolt for the best residential security available. All ELITEGrain panels feature an internal 4x10 composite lock block for optimum security and operation.
- 5 DECORATIVE ACCESSORIES** - Decorative accessories including peepsites, knockers, mail or magazine slots, and kickplates are available in finishes to match lock hardware. Features a Lifetime finish warranty.
- 6 MASTERGRAIN SKINS WITH NVD TECHNOLOGY** - high-impact, high compression molding process provides the most authentic grain replication. Our ELITEGrain skins are 25-30% thicker than most competitors with superior durability, panels will not dent, crack, rot, split, or warp.
- 7 FULL-LENGTH STILES** - 4" full-length LVL hinge and strike lock stile reinforcements are combined with ½" Alaskan Yellow Cypress for a rot-free, square edge. Square edge design provides authentic wood door appearance.
- 8 20 GAUGE STEEL SECURITY PLATE** - standard on all ELITEGrain single doors with wood jambs for added protection against forced entry. Double doors feature top steel lock reinforcement plate on door header for astragal flush bolt.
- 9 PATENTED ADJUSTABLE HINGE SYSTEM** - engineered to allow fine tune adjustments of the door (⅝" up/down, ⅜" in/out) to ensure a perfect, weather-tight seal. All ELITEGrain hinges are ball bearing operated with finishes to match your lock hardware selection.
- 10 FULL PF COMPOSITE DOOR JAMB SYSTEM** - every ELITEGrain door comes standard with a polyfiber composite jamb system. Impervious to water absorption, insect resistant and stronger fastening power, the Paragon PF Jamb System carries an industry best Lifetime warranty.
- 11 COMPOSITE HEAD & FOOT RAILS** - top and bottom rails made of a full 1" thick, high-strength engineered composite material prevents moisture from seeping into the door, and ensures structural integrity.
- 12 HIGH-DENSITY POLYURETHANE CORE** - increases panel integrity, is six times more energy efficient than typical wood, and is environmentally safe.
- 13 GUARDIAN WEATHER BARRIER SYSTEM** - features bulb and fin sweep, adjustable single piece composite sill, and tight-sealing three-sided Q-Lon compression weather stripping for maximum energy efficiency.

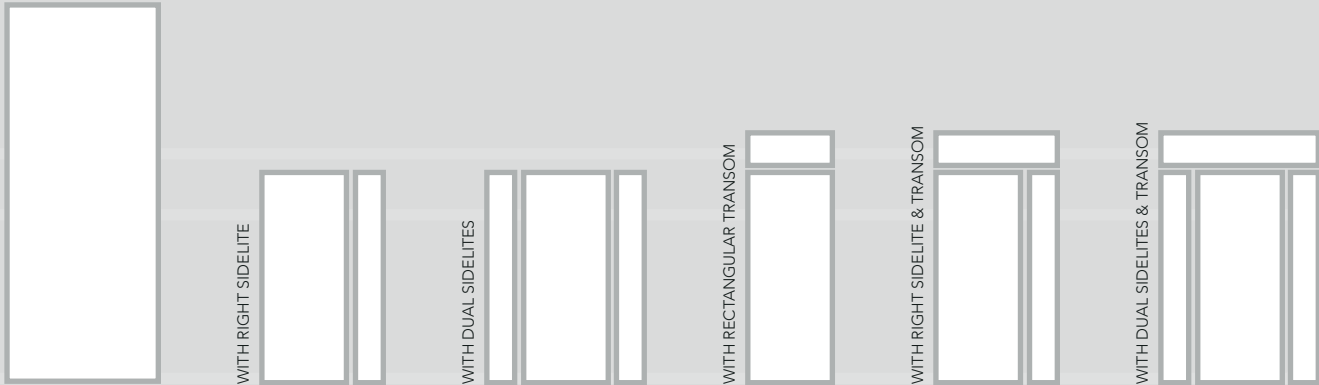

CONFIGURATIONS

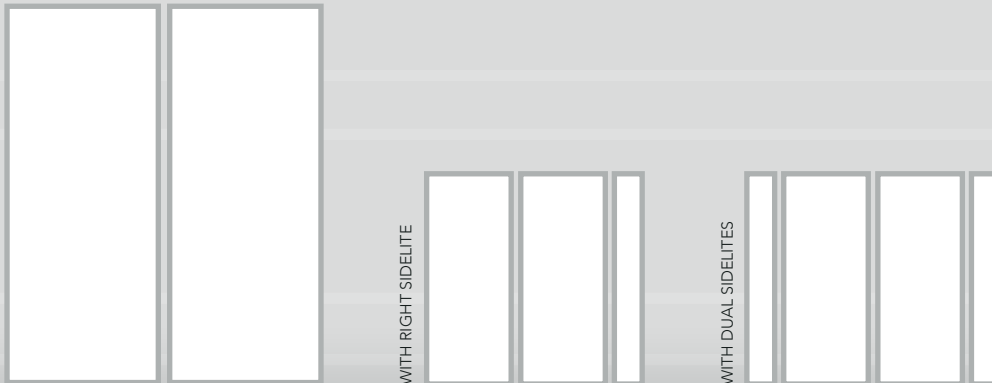

DESIGNED TO **ENHANCE YOUR ENTRYWAY**

ELITEGrain entryway systems are custom built for your home. If the intention is to simply replace your existing door, choose a configuration that matches your current entryway. However, if you'd like to improve or modify your entryway – perhaps to allow for more light or a provide a wider opening – choose a configuration that differs from the existing doorway. Your Paragon Dealer can help determine which configuration will meet your needs, and what installation may entail.

INTERIOR/EXTERIOR PAINTS

COLORS THAT ARE DURABLE AND BEAUTIFUL

Paragon entry doors are custom finished with specially formulated industrial coatings from Sherwin Williams. Coatings are factory-applied and oven cured to ensure lasting color and finish quality, **with a warranty spanning 10 full years.**

CASA BLANCA TOGA TAN ADOBE BEIGE CLAYSTONE FLAGSTONE TUXEDO GRAY WEDGEWOOD BLUE MALLARD

IVY GREEN FOREST GREEN BASIC BROWN BROWN TERRA BROWN BRONZE CRANBERRY EMBER RED

CARDINAL RED WINTER WHITE ALMOND MOCHA WINTERBERRY

THE PARAGON COORDINATED COLOR SYSTEM FEATURES FOUR MATCHING COLORS: **WHITE, ALMOND, MOCHA AND WINTERBERRY** FOR PARAGON ENTRY DOORS, STORM DOORS, AND VINYL WRAP JAMBS; HOWEVER, FINISHES VARY:
 STORM DOORS = HIGH GLOSS
 ENTRY DOORS = LOW LUSTRE
 VINYL WRAP JAMBS = TEXTURED FINISH

NOTE: DUE TO POSSIBLE HEAT BUILD-UP, WARRANTY IS VOIDED IF DOORS FINISHED WITH DESIGNATED COATINGS (▲) ARE INSTALLED BEHIND ANY STORM DOOR OTHER THAN A PARAGON STORM DOOR.

**SHERWIN
WILLIAMS**

Paragon has an exclusive Expanded Paint Finish Program, which broadens our palette to encompass the entire Sherwin Williams color spectrum. Visit your local Sherwin Williams retailer and choose from their over 1,500 standard paint colors. Colors chosen from the Sherwin Williams collection will carry the same warranty as Paragon's standard finishes shown here.

ADDITIONAL LEAD TIME IS REQUIRED FOR SHERWIN WILLIAMS COLORS THAT ARE NOT INCLUDED IN PARAGON'S STANDARD OFFERING.

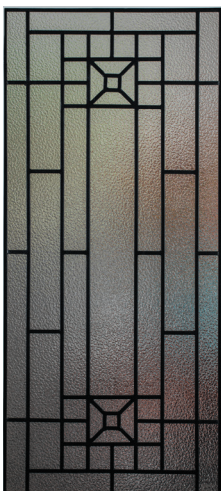

PRIVACY SCALE

Privacy ratings for glass range from 10 for the most opaque to 0 for the most transparent (such as clear glass).

GUARDIAN™ WEATHER BARRIER

THE ULTIMATE PERIMETER PROTECTION

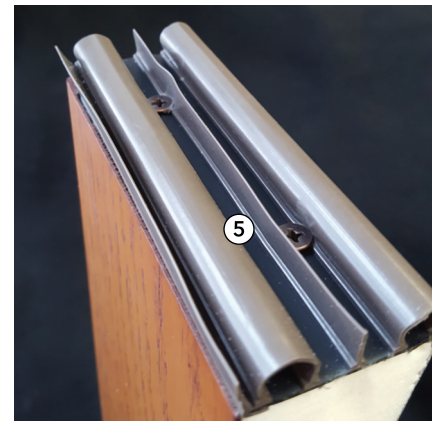

Made of the toughest door components available, all engineered to work together, the GUARDIAN™ system protects your home from the harsh, often unexpected, elements Mother Nature dispenses. The GUARDIAN™ system shields your home from weather-related rot and insect damage, while making your home more comfortable and energy efficient year-round.

- 1 Composite jambs provide anti-wicking barrier to discourage rot and insects and offer better finish quality and durability than typical wood jambs. Features a five-year warranty.
- 2 Durable Q-Lon™ compression weather stripping creates a perfect weather-tight seal between the door and the jamb for maximum sealing against air and water infiltration.

- 3 Adjustable composite rail with patented flexible seal interlocks with high dam aluminum sill for an impenetrable barrier between the threshold and the interior of the house. Features a five-year warranty.
- 4 Adjustable oak-look composite threshold allows simple height adjustment to create a perfect seal between the door and threshold eliminating voids or gaps that lead to water or air infiltration.

- 5 Alternating bulb and fin seals on the bottom door sweep offers superior protection against air infiltration while diverting water away from the door and threshold.

GUARDIAN™
Weather Barrier System

For double entry configurations, Paragon utilizes an astragal with a patented three-point sealing system that eliminates the air and water leakage problems common with many double doors. This specialized system enlists a specially designed corner pad for proper weather sealing, a patented "floating" seal that lifts with the flush bolt to prevent excessive rubbing and wear, and an all-aluminum body for strength and security. In addition to the efficiency benefits, the Paragon astragal also features a steel lock reinforcement plate for the top flush bolt that provides added protection against forced entry.

PARAGON

www.paragonwindowsanddoors.com

BUILT FOR AND **MADE IN THE U.S.A.**

Located in Louisville, Kentucky, Paragon Windows & Doors combines the industrial drive of the Midwest and the craftsmanship traditions of the South to meet the needs of today's homeowners. Paragon's employees take pride in creating handmade, custom doors and windows to the specifications of each individual order, while incorporating modern technologies to provide high-quality, energy-efficient products.

Paragon stands behind every product they produce. The individual components of the ELITEGrain Entryway Systems are warrantied to withstand wind and weather for years to come; 10 years for door finish and lite frames, 20 years for insulated glass units, and a lifetime for hardware finish. Please consult your Paragon Dealer for additional details
